THE ALPHA DOG THAT DOMINATES THE PACK

When it came to creating heavy-duty power for demanding applications, we upped the ante with our air-cooled, single-cylinder KOHLER® KD440 diesel engine. Whether it's powering agriculture and construction equipment or generators and pumps, this high-performing engine is top dog in its power range.

SMALL PACKAGE, BIG PERFORMANCE

- High-capacity, high-efficiency internal air filter reduces overall engine size and increases engine life.
- Improved starting with new robust injection system.

COMFORTABLE OPERATION

- Counter-balance shaft reduces vibration and operator fatigue.
- Fuel level indicator allows for easy checking of the fuel without having to remove fuel cap.
- Integral sound dampener in recoil pulley for quiet operation.

EASY MAINTENANCE

- Air filter with integrated cyclonic separator and optional clogging sensor helps extend maintenance intervals.
- Easy to remove dirt and water from fuel tank with added drain tap without dismantling the engine. .
