MJ4ST

Orbital nozzle (up to 150°C)

Advantages:

- High water jet density—better surface impact
- Suits water temperature from 80°C up to 150°C
- Hot water reduces amount of detergent required
- Can break harder scale and cuts deeper than multi-jet nozzle
- SWISS MADE: for greater performance and longer life
- Simple installation and easy maintenance

Area of application:

- Work on lances, hp & uhp handguns, robot arms and automated spray-heads
- Improves removal of oil, grease, bitumen, food-stuffs, etc.
- Cleaning stone, concrete & grout
- Paint cleaning and removal
- Building & street cleaning
- Automotive parts & casting cleaning
- Moss & Marine-Growth-Removal (MGR)
