The Key Milestones in this obsolescence process are:

1. Formal Notification of Obsolescence November 18th, 2026
2. Orders for these products will no longer be accepted after December 31st, 2026.

Support Part Options:

StoneAge is committed to supporting our customers. All components, including ware and spare parts for obsolete equipment, will remain available for a minimum of 5 years. “Available” means that StoneAge will supply the part from existing inventory or, where inventory is not held, on a made- or purchased-to-order basis. StoneAge is not obligated to maintain, stock, or hold any inventory of obsolete parts and may consume, obsolete, or scrap its inventory at any time. Depending on frequency of sales, items may have longer lead times and are subject to price change. A part may be unavailable if a newer version is backward compatible, if StoneAge’s supplier has discontinued the product, if the part can no longer be sourced, or for safety reasons. Please contact StoneAge Customer Service for current pricing, availability, and lead-time estimates.

Alternative Product Options:

In lieu of the recently obsoleted product, we recommend the following options.

Part ID	Description
FF-ABXD-3L-MIX-PKG	FIN FAN, ABXD-3L, MIXED SNOUTS, 2 LANCE GUIDE
FF-ABXD-3LS-MIX-PKG	FIN FAN, ABXD-3LS, MIXED SNOUTS, 2 LANCE GUIDE

Please contact StoneAge Customer Service customerservice@stoneagetools.com for any further information.
