M 55 Series
SEMI-HYDRAULIC, 3 DIAPHRAGM PUMP

GENERAL APPLICATIONS
- Soft Wash
- Agricultural Spraying
- Lawn Care/Pest Control

High-performance diaphragm design: Delivers reliable and efficient pumping even in demanding conditions, ensuring consistent flow and pressure.

Self-priming capabilities: Can prime itself without needing external assistance, making it ideal for various applications where suction is required.

Durable polypropylene construction: Provides excellent resistance to corrosion and chemical damage, ensuring long-lasting performance in demanding environments.

Molded one-piece collector: Features a centralized inlet to minimize leak points and streamline maintenance for reliable, hassle-free operation.

Dual diaphragm material options: Available with Buna for standard applications and Desmopan for enhanced chemical resistance and durability.

AVAILABLE MODELS

Part #	Model	Version	MAX GPM	MAX PSI	MAX RPM	HP	LBS	Inlet	Outlet	Bypass
30090-00001	M 55	B	14.5	290	550	4.6	40	1 1/2"	3/4"	1/2"
30090-00002	M 55	D	14.5	290	550	4.6	40			
30090-00002.10	M 55	D GR	14.5	290	550	4.6	47			3/4"

M 55 B
3/4" Solid Shaft Gearbox
Buna® Diaphragm

M 55 D
3/4" Solid Shaft Gearbox
Desmopan® Diaphragm

M 55 D GR
3/4" Solid Shaft Gearbox
Adjustable Regulator
Desmopan® Diaphragm
